

# Attends Bariatric Briefs

Attends Bariatric Briefs address the growing need for a brief designed specifically for obese individuals whose weight can cause excessive pressure on the bladder, resulting in heavy to severe incontinence. We designed our Bariatric Briefs with flexible, soft static wings and extra-wide secure tabs to provide a secure, individualized and comfortable fit for 63-70" waists. Dual core absorbent layer to promote dryness and healthy skin. Soft, cloth-like fabric and breathable zones that allow sweat and moisture to evaporate. Barrier leg cuffs for added leakage protection. Odor-blocking properties to ensure confidence and dignity. Extra-wide secure tabs.

## DESCRIPTION

Attends Bariatric Briefs address the growing need for a brief designed specifically for obese individuals whose weight can cause excessive pressure on the bladder, resulting in heavy to severe incontinence. We designed our Bariatric Briefs with flexible, soft static wing and extra-wide

secure tabs to provide a secure, individualized and comfortable fit for 63-70" waists. We also incorporate our dual core absorbent layer to promote dryness and healthy skin, especially important to prevent skin irritation in individuals who are sedentary for extended periods. Our Bariatric Brief is made of a soft, cloth-like fabric and breathable zones that allow sweat and moisture to evaporate, further promoting dryness and skin wellness. Barrier leg cuffs provide additional leakage protection, and odor-blocking properties ensure confidence and dignity.
