

Dry Skin Therapy

Lantiseptic Dry Skin Therapy softens and moisturizes vulnerable skin. It is specially formulated for daily use to help prevent and treat minor skin irritations.

Uniquely suited for the maintenance and protection of severely dry skin, this 30% lanolin formulation is ideal for targeted use or for every day care.

Moisturize daily with Lantiseptic Dry Skin Therapy to help maintain skin integrity and reduce skin breakdown.

Available sizes:

0.5oz Sachet 0405

4oz Tube 0410

Category: **Moisturize**

Directions: Gently cleanse and dry area. Massage liberally into affected area as needed. Cover as necessary.

Warnings: For external use only. Avoid contact with eyes. Do not apply to deep or puncture wounds and serious burns. If condition worsens, or does not improve within 7 days, consult a doctor. If swallowed, get medical help or contact a Poison Control Center right away. **Keep out of reach of children.**

Lantiseptic Dry Skin Therapy helps moisturize severely dry skin. It is specially formulated for daily use to help prevent and treat minor skin irritations.

This 30% lanolin formulation is uniquely suited to help keep skin pliable, thus reducing cracking and bleeding.

Lanolin closely mimics the the human skin lipid functions, helping to maintain skin integrity and reduce skin breakdown.* This makes Lantiseptic Dry Skin Therapy the perfect moisturizer for those with vulnerable skin such as the elderly and diabetic patients, as the lipid synthesis tends to decline.
