

Medicare Part B Billing

BENEFITS OF CHOOSING GROVE MEDICAL'S PART B PROGRAM

- Grove has a fully trained staff with combined experience of 70 years in healthcare billing and customer service.
- Fully accredited by the Accreditation Commission for Health Care and fully complies with the Center of Medicare and Medicaid guidelines regarding Medicare Part B billing.
- Wound care consulting services from our Wound Care Certified RN, Shannon Chitty and Part B billing assistance from our Part B Analyst, Madison Springer.
- Part B Medicare program as either full assignment or we will bill Medicare on your behalf on a fee-for-services basis.
- Tracking of all the required paperwork for the residents to whom we provide product.
- Assist Skilled Nursing Facilities and At-home patients to understand and maximize the coverage that is available through the Medicare Part B benefit from the Centers for Medicare and Medicaid.
- Help manage your Part B inventory to ensure proper utilization and avoid overstocking.
- Timely delivery of the Part B product with carrier tracking.
- Grove accepts most third party insurances. (Benefits are verified before product shipment).
- Grove utilizes HIPAA compliant software to process all claims.

SKILLED NURSING FACILITIES

Grove can help facilities manage their Medicare Part B census for residents using the product categories listed below. Medicare Part B products are provided to the beneficiaries at no charge to the facilities.

CATEGORIES COVERED AT A SKILLED NURSING FACILITY:

Enteral Feeding

- Grove provides the nutritional formula based on the physician's order.
- Grove provides the g-tubes, spike sets, gravity sets, feeding pumps and syringes needed to administer feedings.

Urological Supplies

- Grove supplies catheters, insertion trays, drain bags, and catheter securement devices that have been ordered by the physician.

Ostomy Supplies

- Grove supplies the pouches, wafers, adhesive removers, adhesive and other supplies that are required to manage an ostomy.

Wound Care

- Grove supplies wound care dressings for pressure ulcers that have been staged at levels 2 to 4, as well as wounds that are the result of some type of surgical intervention. The patient's physician orders the wound care and directs the treatment of the wound. From the physician's order, Grove provides the dressings to the SNF at no charge to the facility. Please see wound care guide page here for further information on Medicare coverage limits.
- Grove Medical employs a Wound Care Certified RN who can help guide you in assessing wounds and make recommendations on wound care treatment planning.

Tracheostomy Supplies

- Grove supplies the trach care kits, cannulas and the supplies that help the SNF manage a trach patient at no charge to the facility.

ASSISTED LIVING FACILITY AND AT-HOME PATIENT

Grove can provide all covered Medicare Part B items to the Assisted Living and At-home patients. Please contact Rob Mays in the Grove Medicare Dept. to inquire about items that are covered. If you have other questions on coverage issues please call 1-800-MEDICARE or visit
