

ROHO® Cushions

ROHO cushions feature patented Dry Floatation® aircell technology to help reduce pressure injuries, and work for any patient, regardless of their weight, when properly sized to the individual. All cushions include a washable stretch cover, inflator pump, and repair kit. Most options are available in larger sizes by special order. Call for pricing and additional information.

High Profile®

Maximum protection

ROHO® HIGH PROFILE® 4"H with interconnected air cells, available in **Single-** or **Dual-Valve** versions (Dual-Valve version permits independent adjustment of either side).
