
Window Strip Vials, Caps & Calibrated Droppers

Better Visibility - Unique clear window strip lets users quickly see the amount of medication in the container.

Better Accuracy - Vials are marked from 4 to 30mL at every 4mL. Includes dropper 17873-01 with calibrations at .25, .5, .75 and 1mL and 5, 10, 15 and 20 mg. Sold separately, dropper 17943-01 with calibrations at .2 to 1mL at every .1mL.

Avoid Leaks - Screw-on caps make it easy to protect vial contents.
