

SpeediCath® Flex Coudé Pro

Every detail makes it easy. Hydrophilic coated intermittent catheter that is instantly ready-to-use. Flexible, soft catheter that is easy to handle with a curved tip which can bend to follow the curves of the urethra. Hygienic with a protective dry sleeve and soft-squeeze grip. Discreet standard length catheter packaged in two compact sizes. **This catheter is not made with natural rubber latex and is DEHP and phthalate free.**

SpeediCath® Standard Coudé Tip

The world's first ready-to-use hydrophilic-coated intermittent catheter

This tapered coudé tip catheter is easy to carry, store and use. It is pre-hydrated and ready-to-use, eliminating wait time. The hydrophilic coating is smooth and uniform, designed to minimize urethral friction. The eyelets are polished and designed for comfort. The uncoated Grip Zone™ area is designed to offer control in handling. **This catheter is not made with natural rubber latex and is DEHP and phthalate free.**
