**SammonsPreston**

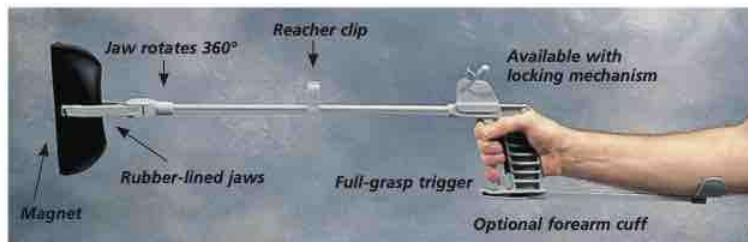

**Sammons Preston® Easireach II Reacher®.** Lightweight aluminum reacher with comfortable ergonomic handle, designed for people with limited reach or strength. The 3" jaw opening with orange slip-resistant surface gives high visibility and a secure hold on items. Magnetic tip picks up small metal objects. End post can be used to help with dressing and pulling items closer. Includes a lock-on clip to store reacher on walker or wheelchair. Reacher may also be hung by the curved hook on handle.

557568	Folding	32"	8.3 oz.	\$18.42
557567	Folding	26"	7.2 oz.	\$17.62

**homecraft**

**Homecraft® Pick-Up® Reacher.** Lightweight reacher has comfortable trigger handle, large enough to accommodate all fingers. Wire-driven jaw construction eliminates the string that can stretch and break. Jaw rotates 360° for greater maneuverability. Includes a magnet for picking up metal objects and a clip on all models except AA8070 and AA8073 for attaching reacher to a walker or wheelchair. Rubber lining on jaw provides secure hold on items. Available with a locking mechanism to hold the jaws closed for users with minimal grip strength. Optional forearm support available on item 557666 reacher for people with reduced wrist strength. 3" Jaw Opening. Holds 1 lb. or less.
