### ■ Manage adductor spasticity

**Abduction Pillows** Securely position hips in abduction to maintain post-surgical precautions or to help manage adductor spasticity. Choose economical, disposable **Polyfoam** or our premium **Waterproof Tuff-Coat™** model, which is seamless and can be easily cleaned and disinfected, making it the ideal solution when managing incontinence, wounds, or infections. Both have hook-and-loop closures with soft straps.

**Polyfoam:** S: 12"W x 17¼"L x 7"H • M: 14½"W x 22"L x 7"H  
• L: 16½"W x 25"L x 7"H

#### ■ Prevent hip adduction

**Abduction Wedges** help prevent hip adduction. Available in three convenient models: **Terrycloth** model is made of terrycloth-covered high-density foam; **Waterproof** model is coated waterproof closed-cell foam; **Inflatable** model is a tough-yet-comfortable, fabric-reinforced vinyl. All models provide 4" of knee separation and have hook-and-loop straps.
