KNEE IMMOBILIZERS

■ Three adjustable panels to support varying leg circumferences

FREEDOM® comfort™ Three-Panel Knee Immobilizers position knee in extension and prevent movement of joint. Three adjustable panels allow for accommodation of varying leg circumferences, with hook-and-loop attachment for quick fitting. Posterior and medial/lateral stays for support and stabilization. Terry-cloth-covered foam padding provides cooling comfort for wearer. Use for knee injuries or instabilities pre- or post-operatively. Requires fitting by physician or medical professional. Fits left or right.

Sizing: Fits 19"-23" thigh circumference.

Hyperextension knee braces...

■ Adjustable air bladder enhances patient gait

OrthoPro™ HyperEX™ Knee Orthoses

Low-profile, lightweight orthoses offer the comfort and stability of a Swedish knee cage brace. Adjustable air bladder incorporated behind the hyperextension control strap can reduce the force at the knee, significantly improving patient comfort.

Sizing: Measure thigh circumference 4 1/2" above midpatella. Small, 10"-14"; Medium, 14"-20"; Large, 20"-27".
