

Medication Management

NEW! Easy Fill Pill Organizers

Why Focus on Medication Management?

92% of consumers have a daily pill regimen¹
74% of consumers take 2+ types of pills (RX, OTC, and Vitamins / Supplements)¹
33% of consumers miss at least 1 dose per week²
Consumers need help with organizing, simplifying routine, and remembering to take pills.

There are many growth opportunities

Only 39.3% of the population uses pillboxes
52.5% of the population take pills but do not use a pillbox
45% of Rx volume and 47.5% of total pills do not go into a pillbox

1 Ottum Research & Consulting among n = 2,500 total sample
2 Ottum Research & Consulting among n = 2,295 (pill users sample set)
