

Medication Cups

Safer Dosing - mL only Medication Cups eliminate confusion between mL and teaspoon markings and reduce the risk for dosing errors. Clear cups with FDA-compliant food-grade ink improve visibility, accuracy and patient-safety initiatives as well as medication compliance.

mL-Only Printed Med Dosage Cups, 30mL

Easy to Read - Clear high-contrast mL-only graduations printed at 5mL increments from 10 to 30mL.

mL-Only Printed Med Dosage Cups, 20mL

Clearly Marked - High-contrast mL-only graduations printed at 5mL increments from 5 to 20mL.

mL-Only Graduated Med Cups & Lids

Graduated at Each mL - Numbers printed at every 5mL. Cups have a 30mL capacity. Lids sold separately.
