

Cardinal Health™ Monoject™ Insulin and Tuberculin Safety Syringes

Safety needles designed to protect

for strong performance and value

Protect your staff on their journey to the patient bedside

When you standardize with Cardinal Health™ Sharps Safety Products, you get a line of safety-engineered products designed to decrease the risk of needlestick injuries and minimize exposure to blood and bodily fluid. In fact, the CDC estimates that up to 75% of sharps injuries can be prevented simply by choosing safer medical devices.¹

Choose Monoject™ Insulin and Tuberculin Safety Syringes

Monoject™ Insulin and Tuberculin Safety Syringes utilize a barrel-based safety technology designed to keep patients and clinicians safe with increased flexibility.

The exclusive design allows staff to travel safely to a patient's bedside without the risk of an exposed needle.

- 1 Full coverage safety shield, not an accessory
- 2 True "transport mode"
- 3 Two-click activation
- 4 Clear barrel and bold, easy-to-read graduations

Monoject™ Insulin and Tuberculin Safety Syringes
