VitalStim® Therapy. An adjunctive modality that unites the power of electrical stimulation with the benefits of swallowing exercise. VitalStim Therapy is a non-invasive, external electrical stimulation therapy that re-educates the throat muscles needed for swallowing. The device is a portable, dual-channel electrotherapy system that is used with electrodes specifically designed for application to the muscles of the throat.

The VitalStim® electrode has a unique construction to safely transmit the high current load and current density of the VitalStim® Therapy protocol. Unique design and material stretches and molds to the irregular surface of the anterior neck. Material tears without scissors for quick application. Constructed to provide reliable conductivity with no internal electrode separation. Excellent adhesion and gentle removal for delicate skin.

The adult package includes 1 NMES device, 1 set of lead wires with clips, 12 sets of adult electrodes, manual and case. The youth package includes 1 NMES device, 1 set of lead wires with clips and 12 sets of youth electrodes. Adult combo package contains adult package, additional pair of lead wires and 30 additional adult electrodes. Start-Up Kit contains adult package, additional pair of lead wires and 100 additional adult electrodes.

968999	VitalStim Start-Up Kit	\$2,641.50
966156	VitalStim Adult Combo Package	\$1,876.50
966045	VitalStim Adult Package	\$1,595.00
966211	VitalStim Youth Package	\$1,595.00
966240	VitalStim Adult Electrodes, 30/pk.	\$450.00
966241	VitalStim Adult Electrodes, 100/pk.	\$1,300.00
966243	VitalStim Adult Electrodes, 50/pk.	\$675.00
966032	VitalStim Adult Electrodes, 12/pk.	\$250.80
966046	Leadwire, pair	\$40.00
966047	VitalStim Youth Electrodes, 12/pk.	\$209.00
632462	VitalStim Adult Electrodes, 1/pk.	\$18.01

Columbia Scientific™ Dysphagia Electrodes. For use with all NMES devices that treat dysphagia patients. FDA cleared for use on the neck, and to be used with primary dysphagia treatment devices. All electrodes are single patient-multiple use application. Low impedance. Carbon mesh construction for extra comfort and strength.

Columbia 600™ Electrode. 1" round, "pig-tail" connection for easy set-up protocol. Includes lead wire for connection to NMES device. 4 electrodes per pack.

Item No.	Description	Price
966300	10 pks.	\$126.25
966301	30 pks.	\$363.60
966302	50 pks.	\$593.90
966303	100 pks.	\$1,138.00
966316	Leadwires (set of 2)	\$50.50

Columbia 600B™ Electrode. Traditional configuration with butterfly tape patch attached to each set of electrodes. Each electrode has the familiar "mini-snap" connection for quick connection to traditional lead wires provided with NMES devices. Includes lead wire for connection to NMES device. Electrodes .86" round. 4 electrodes per pack.

Item No.	Description	Price
966312	10 pks.	\$126.25
966313	30 pks.	\$363.60
966314	50 pks.	\$593.90
966315	100 pks.	\$1,138.00

Columbia 600 Snap™ Electrode. 1" round, "mini-snap" connection without the butterfly tape patch. For electrode placements that require specific separation of electrodes during treatment. 4 electrodes per pack.

Item No.	Description	Price
966308	10 pks.	\$126.25
966309	30 pks.	\$363.60
966310	50 pks.	\$593.90
966311	100 pks.	\$1,138.00
