

Surgilast® Tubular Elastic Dressing Retainer

This tubular, elastic stretch net dressing is designed to serve as a secondary dressing that applies gentle pressure to keep bandages or other medical devices securely in place without adhesive tape. **Surgilast Tubular Elastic Dressing Retainer** is ideal for securing burn or post-op dressings, hot or cold packs, IV tubes, incontinence pads and decubitus ulcer dressings. This non-sterile dressing gently secures to body contours without restricting movement and is easy to customize and allows maximum air flow. Does not contain natural rubber latex.
