

Reclosable 3-Wall Specimen Transfer Bag (Biohazard)

Elkay's Lab-Loc® Reclosable Seal Top Specimen Bags provide an excellent means for transferring specimens in hospital and medical environments. Three wall construction provides a handy outer pouch to contain accompanying paperwork during specimen transfer. They are available in a variety of sizes, colors and printed messages for various types of specimens. Bags are inner packed in 100s.

- Convenient seal top closure
- Three wall construction keeps paperwork and specimen separate
- Bags available in a variety of sizes, colors and prints to designate different specimen types
- Inner packed in 100s
- Available in three sizes
