

Crystalline™ ECO Rigid Canister System

- Patented dome design provides increased implosion protection when exposed to lipids in bodily fluids
- Hydrophobic filter technology helps prevent backflow of aspirated fluids into hospital vacuum systems
- Tether management with tear-away membrane for ease of use
- Larger ports for better suction
- Completely disposable
- 800cc, 1200cc, 1500cc, and 2500cc capacities
- Secure press-on lids
- Filtration of staphylococcus aureus at 99.5% efficiency
- Filter traps aerosolized microorganisms
- Initial hardware provided on consignment
- Single-patient use
- Not made with natural rubber latex
- Non-sterile

Product #	Description	Qty
71-0800	800cc Rigid Canister	50/Cs
71-8002	1200cc Rigid Canister, 2 elbows	40/Cs
71-8005	1200cc Rigid Canister w/DISS Mount, 1 elbow	40/Cs
71-8003	1500cc Rigid Canister, 2 elbows	40/Cs
71-8004	2500cc Rigid Canister, 2 elbows	32/Cs
