

Incontinence Solutions

Summary of Indications and Warnings

PUREWICK™ URINE COLLECTION SYSTEM

The PureWick™ Urine Collection System is to be used with PureWick™ External Catheters which are intended for non-invasive urine output management. Do not use on individuals with urinary retention. Discontinue use if an allergic reaction occurs. Not recommended for users who are experiencing skin irritation or skin breakdown in device contact areas.

The PureWick™ Urine Collection System and accessories may be a potential biohazard. Clean and disinfect the PureWick™ Urine Collection System and accessories before disposal. Handle in accordance with accepted medical practice and applicable local and federal regulations. The PureWick™ Urine Collection System (PW100 and PW200) contains electrical and/or electronic equipment, and the PW200 product contains a lithium-ion battery that must be disposed of per local laws and regulations.

Please consult the PureWick™ Urine Collection System user guide for more detailed safety information and instructions for use.

PUREWICK™ FEMALE EXTERNAL CATHETER

The PureWick™ Female External Catheters is intended for non-invasive urine output management in female patients. To avoid potential skin injury, never push or pull the PureWick™ Female External Catheter against the skin during placement or removal. Never insert into the vagina, anal canal, or other body cavities. Discontinue use if an allergic reaction occurs. Not recommended for patients who are: agitated, combative, or uncooperative and might remove the PureWick™ Female External Catheter.

After use, this product may be a potential biohazard. Dispose of in accordance with applicable local, state and federal laws and regulations.

Please consult the PureWick™ Female External Catheter insert for more detailed safety information and instructions for use.

MALE EXTERNAL CATHETERS

Male external catheters are intended for use by male patients for the management of male urinary incontinence. Reuse of a single use device may create a risk of patient or user infection. Use of a single device for longer periods than 24 hours may increase the risk of complications. Do not use on irritated or compromised skin. Handle and dispose of in accordance with accepted medical practice and applicable local, state and federal laws and regulations.

Please consult product label and insert for any indications, contraindications, hazards, warnings, cautions and directions for use.

PureWick™
