

OPTIVAC® AC/DC PORTABLE SUCTION UNIT

THE OPTIMAL PERFORMER – OptiVac®, the next stage in patient care, was created to service a variety of today's medical environments. OptiVac's compact design, ease of operation, AC power supply, rechargeable battery and self-contained elements are only a few of the advanced features.

FEATURES

- Completely self-contained. Minimizes potential contamination or damage to the compressor and battery.
- Easy to clean, sealed surface made from quality engineered thermoplastic allows for fast, effective cleanup.
- 550 mm Hg vacuum coupled with 30 lpm open flow provides powerful suction for faster aspiration.

- Battery operating time: 45 minutes.
- Long life rechargeable battery eliminates the need for frequent replacement.
- Adjustable DCU strap allows you to use and secure from 800 to 1500 ml unit collection canisters.
- The optional OptiVac carrying case provides increased portability. Simply open the carrying case and operate the unit from the case for patients requiring immediate care.
- OptiVac is UL approved and made in the USA, assuring you and your patients that all quality standards are met.
