

GroveMed COVID-19 Glove Update

GroveMed continues to monitor regulatory, clinical and supply chain issues surrounding the COVID-19 pandemic. We remain committed to supporting our customers during this extremely difficult time.

ALLOCATIONS OF PPE/ISOLATION PRODUCTS

PPE/Isolation/COVID-19 products that are in short supply and high demand during the pandemic remain on allocation to ensure inventory for all our committed customers.

GLOVE PRICING UPDATES

Effective immediately, all vinyl and stretch vinyl gloves, along with the vitryl (vinyl/nitrile) gloves will be priced at \$6.25/box. And while this increase is challenging for all of us, GroveMed is committed to decreasing prices as glove prices stabilize.

As you may have heard, many sudden unforeseen market forces are causing material increases on these products. Worldwide demand on gloves has more than tripled. GroveMed is in close communication with our factories and will continue to update our customers as we know more.

Thank you for your understanding as we support each other during this challenging period.
