

Computer Specifications for Tracer

This form must be completed and returned to Brian Snelgrove at Grove Medical, Inc. at least ten (10) days in advance of Tracer installation. Please date and have the Tracer user and facility Administrator sign at the bottom.

To verify your current hardware specs, you will need to right click on the "My Computer" icon and select "Properties." This will display your computer's operating system (i.e. Windows XP, etc.), RAM (512, 1G, etc.), and Service Pack (SP1 or SP2). The minimum requirements for Tracer to be installed on your computer system are below.

The minimum requirements are:

- Operating System: Windows 7
- RAM: 4 G

The maximum requirements are:

- Operating System: Windows 8
- RAM: 4 G

Please enter your computer(s) information below:

- Operating System: _____
- RAM: _____
- Service Pack: _____

If the minimum requirements are not met by your current system, please let us know and we will help find a computer(s) for you to purchase. However, if the minimum requirements can not be met and we do not receive a cancellation notice prior to our travel date you will incur all travel expenses.

If you plan to use barcodes and a barcode scanner you will need to purchase both a Laser Jet printer (if your facility does not already have one) and the preferred barcode scanner. Grove can handle the purchase of these items at your request. The printer is currently \$150 and the Opticon OPN 2001 scanners are \$175.00. Please detail quantity you would like us to purchase on your behalf below.

Purchase _____ (quantity) Laser Jet Printer @ approximately \$150 each

Purchase _____ (quantity) Opticon OPN 2001 Scanners @ \$175 each

*You will be billed at actual cost and shipping at time of purchase.

Facility Name: _____

Administrator: _____ Date: ____/____/____

Tracer User: _____ Date: ____/____/____
