

Comfees®

PREMIUM DIAPERS

Comfees® Baby. Happy Mom.

What's Important To Moms

Nobody knows babies better than moms...

so we asked moms what's most important when choosing a diaper for their baby.

1

Absorbency & Leakage Protection

Absorbent diapers that prevent leaks which cause wet clothes, unhappy babies, and more reasons to wake up in the middle of the night.

2

Skin Health

Materials that are soft, hypoallergenic, and gentle on baby's skin.

3

Diaper Fit

A snug fit at every stage that provides leakage protection and helps growing babies move with comfort and ease.

4

Comfort

Dry, soft diapers tailored for a natural fit to increase baby's comfort.

5

Great Design

Once these other important needs are satisfied, moms want fun, colorful, and contemporary diaper designs.

What's Important to You

Blending customer insights and innovation...
in a cost effective way.

Quality & Performance

Customer Loyalty

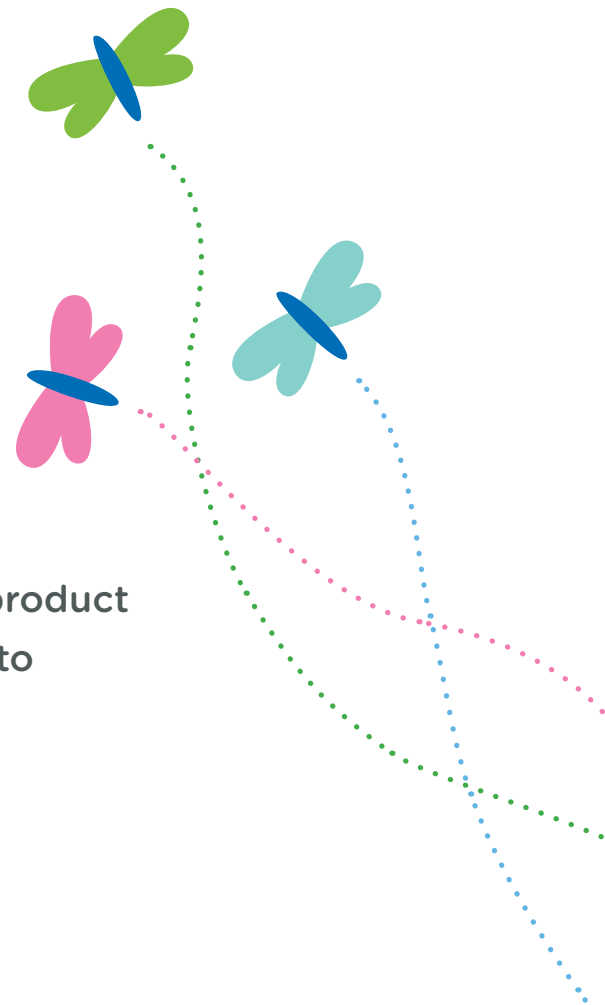

Reimbursement Needs

Comfees® Hits The Mark

Great performance and high quality materials are paramount in building the foundation of a loyal customer base. Once mom's trust is established, positive referrals and repeat purchases can help your business grow.

We provide dealers with current state-by-state product reimbursement analyses, and other data critical to the bottom line.

The Results Are In

Comfees® Performs

Comfees® equals or in some cases exceeds the performance of national brands and outperforms other healthcare brands.
