

Tranquility TopLiner® Booster:

Contour Pad (3096)

Wide hourglass shape helps contains bowel. Soft texture and no adhesive strip makes cleanup easier.

Product Description

TopLiner Booster Contours are designed as flow-through pads that fill to capacity then pass additional fluid to the primary undergarment – economically extending the use of any disposable brief or undergarment. They improve wearing comfort by ending leakage, rashes, and nighttime changes. Easy to change and dispose. The TopLiner Booster Contours have a wider design to help contain bowel incontinence. The soft texture makes clean up easier. The Super-Plus size works well with bariatric-size products. Latex-free.

CONTOUR PAD

Item ID #: 3096
